### PAGE 6: TELL US WHAT YOU THINK

**Q10: CURRENT SYSTEM OF COUNCIL TAX: To what extent does the current system of council tax deliver a fair and effective system of local taxation in Scotland? I disagree fundamentally with the current system as it is not fair or effective.

**Q11: REFORM OF LOCAL TAXATION: Are there alternatives to the current system of council tax that you think would help to reform local taxation in Scotland? What are the main features of these, and why do you think they would deliver improvement? Do you have any examples of why this is the case?**

I would much prefer regional tax authorities that raised money from a basket of taxes and paid a block grant to each council.

**Q12: LOCAL PRIORITIES: How well do you think that communities' local priorities are accounted for in the way that local taxation operates at the moment? If there is room for improvement, how should things change? Do you have any ideas or examples about how this could improve people's lives?**
