### PAGE 6: TELL US WHAT YOU THINK

**Q10: CURRENT SYSTEM OF COUNCIL TAX: To what extent does the current system of council tax deliver a fair and effective system of local taxation in Scotland? Are there any features of the current system that you wish to see retained or changed? Please illustrate your answer with any examples from your own experience.**

It is to no extent fair or effective, I would not like to see anything of the current system retained.

**Q11: REFORM OF LOCAL TAXATION: Are there alternatives to the current system of council tax that you think would help to reform local taxation in Scotland? What are the main features of these, and why do you think they would deliver improvement? Do you have any examples of why this is the case?**

The council's services should be funded by a combination of the VAT raised locally and by central government grant.

There is no need for a separate charge on 'householders'.

**Q12: LOCAL PRIORITIES: How well do you think that communities' local priorities are accounted for in the way that local taxation operates at the moment? If there is room for improvement, how should things change? Do you have any ideas or examples about how this could improve people's lives?**
