## Tell us what you think

We have not provided a long list of questions, but we do want to hear what you have to say about some themes. Please respond to as few or as many as you wish. If you would prefer to send us other information, please feel free to do so. However, it would be helpful to keep your response to no more than eight pages.

*If you are able to, please provide evidence or examples in support of what you say. This will help us explore your ideas further.*

### 1. SCOTLAND'S CURRENT SYSTEM OF COUNCIL TAX

**To what extent does the current system of council tax deliver a fair and effective system of local taxation in Scotland? Are there any features of the current system that you wish to see retained or changed?**

*You may wish to illustrate your answer with examples from your own experience.*

*It's not fair, not least because more expensive properties are undertaxed - the council tax bands should have been changed in line with rising house prices, empty or second houses are not fully taxed (why on earth not? Huge distortion of property market in rural areas) and unused land is not taxed either, allowing house builders (including councils themselves) to hang on to large tracts of land and hold back development. But Council Tax should be abolished altogether - see below.*

### 2. REFORM OF LOCAL TAXATION

**Are there alternatives to the current system of council tax that you think would help to reform local taxation in Scotland? What are the main features of these, and why do you think they would deliver improvement?**

*Do you have any examples of why this is the case?*

*My entire response to this consultation is to draw your attention to this, arguing for a Land Value Tax:  
<https://www.opendemocracy.net/ourkingdom/iain-mclean/why-scotland-should-adopt-land-value-tax#>*

### 3. LOCAL PRIORITIES

**How well do you think that communities' local priorities are accounted for in the way that local taxation operates at the moment? If there is room for improvement, how should things change?**

*Do you have any ideas or examples about how this could improve people's lives?*

*Local authorities should have more control over the money they raise and spend. Too much spending is handed over from central govt (Holyrood or Westminster) and ring-fenced. There is no place for local democracy in that if people can't see where the money they pay is going. This no doubt goes beyond the scope of this enquiry as it would require much more fundamental changes to the taxation system. But you did ask!*

### 4. FURTHER INFORMATION

**We would like to keep the conversation going. Please tell us about any events, networks or other ways in which we could help achieve this.**
